EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Donald Schurr on October 12, 2009.

The application has been amended as follows:

Claim 2 has been canceled.

Claim 1 (amended): A process for manufacturing a glazing[,] comprising;
molding an appendage onto a glazing profile provided around at least part of the periphery of a pane of glass, the process further comprising the steps of:

[-]advancing a mold into sealing contact with a part of the profile onto which the appendage is to be molded, wherein the mold comprises a first mold half and a second mold half;

[-]introducing a predetermined quantity of polymer material into a mold cavity provided in the mold wherein the mold is open when the polymer material is introduced into it, the mold being closed after the introduction of the polymer material, wherein the pane of glass remains outside the mold cavity even when it is closed, and wherein the mold does not make contact with the pane of glass even when the mold is closed; and

[-]allowing the polymer material to bond to the glazing profile[,wherein the pane of glass remains outside the mould cavity and wherein the mold does not make contact with the pane of glass].

Claims 1, 3-10 and 13 are allowed. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or suggest a method of manufacturing a glazing by molding an appendage onto a glazing profile provided around at least a periphery of a pane of glass including introducing polymer into a mold having first and second mold halves wherein the mold is open when the polymer is introduced into the mold cavity and wherein the pane of glass remains outside of the mold cavity even when it is closed and wherein the mold does not make contact with the pane of glass even when the mold is closed in combination with the other features instantly claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
